

DOUBLE BLACK JACKS™

A VERSION OF "3-2 PLATFORM™"

by FREDERICWAYNELLC

Game Overview

BASED ON BLACKJACK as well known, for **Double Black Jacks™** a standard deck of 52 cards is used after a house shuffle. Dealer first deals the **BONUS** round, as per the Dealing Guide, by burning one card, then deals three cards in **specific order** to each player all face up, yielding two distinct hands while following the Dealing Guide, the Dealer only gets two cards with only one being faced up or both faces down (RECOMMENDED).

BONUS WINS CAN BE UP TO \$100 or \$3,000 to over \$5,000

ANY HAND AT ANY TIME!!!

Dealing Guide Overview

House shuffle starts every Game. If a machine is used, only a single deck machine is applied with cards dealt one-at-a-time whether from the machine or handheld for **Double Black Jacks™**.

THIS IS DUE TO THE OBVIOUS NEED FOR GAME SECURITY AND ELIMINATING SUSPICION OF CARD PLACEMENT OR MANIPULATION BY DEALERS OR PLAYERS (THE LATER MAY NEVER TOUCH CARDS). A complete Dealing Guide available.

ALL THREE BETS BY ALL PLAYERS REQUIRED. Each BONUS and hand bet MUST meet the minimum house bet not exceeding the maximum house bet for this table's game.

Then the *Game* begins...
